**Copy Instructions**

use IO 313071 from last year with updates. Change to yellow background like attached and remove bottom right photo (green machine) with one that is attached (apparently I need to email this it's not attaching). Just use whichever one you think looks best - if you can fit in the 2nd generation in there let's do that but he didn't mention it so if it doesn't fit that's fine.
